

G&M International Instalatii

<http://www.g-m.ro>

Descriere

G&M International Instalatii is located in Targu Mures, Romania and has over 20 years experience in HVAC domain. We offer HVAC solutions based on clients needs and we provide support in all stages of their ongoing projects - design, sales, installation, commissioning, inspections and maintenance. Our second activities are professional cleaning services and technical maintenance for buildings grouped together in what we call Facility Services. We guarantee long-term partnership for all projects - from design stage of the HVAC systems to the maintenance and optimization (energy efficiency) of existing equipments. We anticipate the needs of our customers and transform there problems into solutions, so we can enjoy the success together.
